## Third U.S. National Congress of Applied Mechanics

*Preliminary Announcement*

The Third U.S. National Congress of Applied Mechanics will be held at Brown University, Providence, R.I., during June 11–14, 1958. It is hoped that the scheduling of conflicting meetings can be avoided by this early announcement of the date chosen for the Congress. Further announcements concerning the preparation of papers will be made as the Congress draws nearer.

Inquiries regarding the Congress should be addressed to one of the following members of the Organizing Committee at Brown University, Providence 12, R.I.: Prof. D. C. Drucker, Secretary; Prof. E. H. Lee, Treasurer; or Prof. W. Prager, Chairman.
